

## Staying at the Jarvis Coffee Farm Lodge - Alakoti Estate.

If you are planning a safari through the various national parks of North Tanzania then Arusha town is the starting point to prepare for this big adventure !

Jimmy Jarvis and his wife Adve invite you to stay on their traditional english coffee farm, where you can enjoy their lovely garden with a full view on mount Meru.

The lovely garden has a great variety of tropical plants and flowers, attracting a big number of birds.

While enjoying a cup of our home made arabica coffee we may advise you on your safari plans, if you haven't made them already.

Transportation can be arranged to and from Kilimanjaro International Airport or any other place in or near Arusha.

If you are a bird watcher our garden offers more than 100 different species of birds, such as the white-throated bee-eater, tropical boubou, hadada ibis, southern red bishop, speckled mousebird and many others.

Different hiking trips on foot can be arranged with one of our guides and our favourite trip is a fairly easy climb to the top of a nearby hill from where you will have a 360 degree view of the whole area, including Arusha airport.

An educational tour on the coffee making process is another possibility

The lodge is kept in the simple but comfortable english coffee plantation style and offers a bed and breakfast service for a maximum of 9 guests at a time to ensure a quiet and leasurely surrounding with a warm family touch.

The bedrooms have large double beds with sideboards and a built-in cupboard, while the bathroom contains a shower, washbasin, toilet and bath.

Main entry with access to the sitting room and outside terrace.

In the evening you may watch the tv-news (24 channels available) or get further information on the various safari programs we offer. This may range from a standard safari tour (Serengeti, Ngorongoro Crater, Lake Manyara, Tarangire National Park) to a customer tailed hunting trip.
